FORMAL OUTREACH LETTER: DOG SHELTERS

Canine Health & Longevity OS

Strategic Rescue Partnership: Empowering Adopters & Reducing Shelter Returns

---

FROM: [Your Name], Founder & CEO — DogHealthOS **TO:** [Shelter Director / Adoption Manager]

EMAIL: partnerships@doghealthos.app **DATE:** October 2026

SUBJECT: DogHealthOS Rescue Edition & Post-Adoption Audio Passports

Dear [Director Name / Shelter Management Team],

Every day, your organization performs extraordinary work rescuing, rehabilitating, and finding loving homes for dogs in need. However, shelter leaders across the nation share a major common challenge: preventing post-adoption returns caused by adopter anxiety, medical confusion, or behavioral transition struggles. I am writing to invite [Shelter Name] to partner with Canine Health & Longevity OS (DogHealthOS) through our Rescue & Adoption Support Program—a zero-cost digital care package provided to every adopter at the point of adoption.

UNMATCHED FEATURES TAILORED FOR SHELTERS & RESCUES

1. Co-Branded Digital "Adoption Audio Passport"

Give new adopters a personalized Adoption Audio Passport with spoken guidelines voiced by Dr. Emma Foster, DVM, helping them manage the critical 3-3-3 adoption transition.

2. Emergency Triage & Symptom Guardrails (Fewer Calls & Returns)

Immediate red-flag indicators (Red/Orange/Yellow/Green levels) filter non-emergency adopter questions while guiding adopters on when to consult a vet vs. monitor at home.

3. Dietary Stabilization & BCS Weight Recovery Tracking

Precision NRC Caloric Calculator and WALTHAM Recovery Curves guide adopters in safely weight-gaining underweight rescues and transitioning diets without gastrointestinal distress.

4. Lifetime Digital Health Vault & Vaccine Reminders

Adopters can upload spay/neuter certs, vaccine logs, and microchip numbers into a permanent vault and export clinical summaries for their private veterinarian.

EXCLUSIVE SHELTER & RESCUE PROGRAM BENEFITS

• 100% Free Unlimited Access: Zero cost to your shelter or adopters for essential health tools.

• Custom Shelter QR Codes: Instant onboarding cards provided for insertion into adoption exit packets.

• Donation Match Revenue Stream: For every adopter who purchases optional partner health perks, DogHealthOS donates a percentage directly back to your shelter.

We would be honored to provide [Shelter Name] with custom adoption packet assets, digital QR code cards, and a brief 10-minute demonstration of the Rescue Edition. Please let us know a convenient time to connect this week.
